5 Portfolio updates

Onor discussed some feedback about Semester 1 she received from her committee. She noted that their main concern was not enough information or visibility about our events and initiatives.

MINUTES

She noted one suggestion was updating the website more and starting to use posters and expand campus visibility. Onor also noted they would have liked more social events.

Ben suggested potentially moving the 'Whats on in SULS' board outside the office to somewhere more central. He also suggested we use A frames in the main thoroughfare of the annex. Adam suggested printing the weekly and putting it on the noticeboard.

Julia Lim noted that lots of young people are moving away from Facebook and we have tried to increase our instagram output. She noted that sometimes the details of events change at the last minute which may be a challenge to printing out posters.

Grace Wa. discussed the Disabilities Peer Mentoring Program and that we need more mentees for the program. She asked the executive to share the word and encourage people to sign up.

6 Strike next week

Onor noted there is a strike next week and asked the Executive if they are putting out a post and shutting down the office.

Ben said we will definitely shut down the office. Julia L said we could put out a clear notice saying that we are shutting down the office and striking in solidarity – similar to before.

Ben asked if that was sufficient re the suls response.

Onor said she would prefer a stronger statement in solidarity. Grace Wa. agreed especially in the context of how the faculty is not strong on following the picket protocols e.g. forcing people to do on-call.

Ben asked Onor, Grace Wa. and Naz to draft up that statement over the next few days for the Executive to vote on at the next meeting.
