4 Business arising from the minutes

No further business arose from the minutes of the 2020 SGM. No correspondence was received from the previous meeting.

5 Motions on notice

The motions on notice were circulated to all members via email on Sunday 7 March and are included in Appendix A.

a. Notice of General Meetings and Amendments to the Constitution and Regulations Motion: to open discussion on the proposed amendment to cl 47(c) of the Constitution Moved: Alison Chen Seconded: Wendy Hu

Alison discussed the reasoning behind this amendment. The motion is proposed to amend the Constitution in line with the amendments made at the 2020 Annual General Meeting held on 2 September 2020. At the AGM, an amendment was made to cl 5D(b) of the Constitution to allow for a less restrictive approach to communicating important announcements to the Society's members. Alison argued that to reflect current practice and the Society's goal of reducing paper communications, other clauses mandating the posting of notices to the noticeboard should be amended. In line with the current communications strategy, mailouts (via an email to all society members) for important notices will remain mandated. Future Executive teams may still elect to use the notice boards if they so wish, however this proposed amendment would not mandate posting on such notice boards.

Motion: to amend cl 47(c) of the Constitution Moved: Alison Chen Seconded: Wendy Hu The motion was carried unanimously with zero abstentions.

Motion: to open discussion on the proposed amendments to cl 71 of the Constitution Moved: Alison Chen Seconded: Tiana Dumanovsky

Alison noted that the proposed amendments to cl 71 of the Constitution are for the same reasons as the amendments to cl 47(c) of the Constitution, as discussed in the previous motion.

Motion: to amend cl 71 of the Constitution Moved: Wendy Hu Seconded: Tiana Dumanovsky The motion was carried unanimously with zero abstentions.

Motion: to open discussion on the proposed amendment to cl 73(c) of the Constitution Moved: Alison Chen Seconded: Amer Nasr

Alison noted that the proposed amendments to cl 73(c) of the Constitution are for the same reasons as the amendments to cl 47(c) of the Constitution, as discussed in the previous motion.

Motion: to amend cl 73(c) of the Constitution Moved: Wendy Hu Seconded: Tiana Dumanovsky The motion was carried unanimously with zero abstentions.

Motion: to open discussion on the proposed amendment to cl 77(c) of the Constitution Moved: Alison Chen Seconded: Tiana Dumanovsky

Alison noted that the proposed amendments to cl 77(c) of the Constitution are for the same reasons as the amendments to cl 47(c) of the Constitution, as discussed in the previous motion.

Motion: to amend cl 77(c) of the Constitution Moved: Wendy Hu Seconded: Amer Nasr The motion was carried unanimously with zero abstentions.

b. Appointments of autonomous positions to the Society Executive

Motion: to open discussion on the amendment to cl 5D(d) of the Constitution Moved: Alison Chen Seconded: Tiana Dumanovsky

Alison noted that cl 5D(d) concerns the appointment of autonomous positions, and the clause was likely drafted prior to the introduction of the Ethnocultural Officer position and was not amended at the time the position was introduced. Due to the nature of the Ethnocultural portfolio and the requirements in cl 5C(d) that the Ethnocultural Officer must identify as a person of colour, the Ethnocultural Officer position should be considered an autonomous position along with the Queer, Women's and First Nations Officer positions.

Motion: to amend cl 5D(d) of the Constitution Moved: Wendy Hu Seconded: Alison Chen The motion was carried unanimously with zero abstentions.

c. The Functions and Powers of the Executive

Motion: to open discussion on the amendments to cl 6(c) of the Constitution Moved: Felix Wood Seconded: Justin Lai

Felix noted it is important for the Competitions Committee to have a degree of flexibility and autonomy in the speed of appointments. Clause 6(c)(v) is incorrectly labelled, and should instead refer to 'clauses 26 and 26A'.

Motion: to amend cl 6(c) of the Constitution Moved: Wendy Hu Seconded: Felix Wood The motion was carried unanimously with zero abstentions.

d. Reference to Pro-Dean (Teaching)

Motion: to open discussion on the amendment to cl 9(f) of the Constitution Moved: Sinem Kirk Seconded: Wendy Hu

Sinem outlined that the motion is designed to change the reference to "Pro-Dean (Teaching)" in the Constitution to "relevant Sydney Law School member" to allow for greater flexibility when the Vice President (Education) redirects complaints and relays student concerns to the Faculty, and to better reflect current practice.

Motion: to amend cl 9(f) of the Constitution Moved: Wendy Hu Seconded: Alison Chen The motion was carried unanimously with zero abstentions.

e. Duties of the Publications Director

Motion: to open discussion on the amendment to cl 19(a) of the Constitution Moved: Justin Lai Seconded: Felix Wood

Justin noted that the Constitution currently makes reference to 'Orientation Week Handbook' which is no longer the language the University uses, instead using Welcome Week. The amendment is being proposed to change the language in line with the University's nomenclature.

Sissi flagged that the University-wide change from 'Orientation Week' to 'Welcome Week' has been criticised by the Women's Collective on campus as it makes Orientation Week sound more friendly and distances it from the media reports of sexual assaults that have occurred during Orientation activities.

Wendy sought to clarify that Sissi's criticisms were directed at the University-wide language change of Orientation Week to Welcome Week, rather than the motion being discussed. Sissi confirmed this was correct.

Motion: to amend cl 19(a) of the Constitution Moved: Wendy Hu Seconded: Justin Lai The motion was carried unanimously with zero abstentions.

f. Duties of the Competitions Directors

Motion: to open discussion on cl 15 of the Constitution Moved: Felix Wood Seconded: Wendy Hu

Felix outlined that the motion is intended to change the wording on how the Competitions Directors operate. In particular, it removes the requirement for the Competitions Directors to

advise the Executive on appointments to teams and allow the Competitions Directors to add intervarsity competitions and other skills competitions should the Competitions Directors choose to expand that space.

Motion: to amend cl 15 of the Constitution Moved: Wendy Hu Seconded: Felix Wood The motion was carried unanimously with zero abstentions.

g. Duties of the Sports Director

Motion: to open discussion on the amendment to cl 17(c) of the Constitution Moved: Calvin Kwong Seconded: Justin Lai

Calvin outlined that the motion is proposed to more accurately reflect the relationship between SULS and Sydney University Sport and Fitness (SUSF). Additionally, the SUSF is incorrectly named in the Constitution.

Motion: to amend cl 17(c) of the Constitution Moved: Wendy Hu Seconded: Calvin Kwong The motion was carried unanimously with zero abstentions.

h. Duties of the Campus Director

Motion: to open discussion on the amendments to cl 18 of the Constitution Moved: Sofia Mendes Seconded: Justin Lai

Sofia outlined that the motion amends the reference to 'general executive' to 'Executive' for consistency, and that the requirements that were previously in Appendix 4 of the Constitution (which no longer exists) are now found in Part 4 of the Bylaws.

Motion: to amend cl 18 of the Constitution Moved: Wendy Hu Seconded: Sofia Mendes The motion was carried unanimously with zero abstentions.

i. The Campus Committee

Motion: to open discussion on the amendment to cl 80 of the Constitution Moved: Sofia Mendes Seconded: Alison Chen

Sofia explained that the amendment is to change the old clause 'women' to read 'female identifying or non-cis male' to align it with the language in s 5C(b) used to describe the eligibility requirements for the Women's Officer position.

Sissi noted her support of the change.

Motion: to amend cl 80 of the Constitution Moved: Wendy Hu Seconded: Sofia Mendes The motion was carried unanimously with zero abstentions.

j. Reference to Associate Dean (International Students)

Motion: to open discussion on the amendment to cl 20(d) of the Constitution Moved: Sissi Xi Chen Seconded: Alison Chen

Sissi noted that the motion is to change the reference in cl 20(d) from "Associate Dean (International Students)" to "relevant Associate Dean" as the position of "Associate Dean (International Students)" no longer exists.

Motion: to amend cl 20(d) of the Constitution Moved: Wendy Hu Seconded: Sissi Xi Chen The motion was carried unanimously with zero abstentions.

k. Duties of the International Student Officer

Motion: to open discussion on the amendment to cl 20(d)(ii) of the Constitution Moved: Sissi Xi Chen Seconded: Alison Chen

Slssi noted that the previous phrasing is grammatically incoherent. The clause ended with 'on behalf of' without specifying the object of the preposition.

Motion: to amend cl 20(d)(ii) of the Constitution Moved: Wendy Hu Seconded: Sissi Xi Chen The motion was carried unanimously with zero abstentions.

6 Annual Reports of the President, Secretary and Treasurer

Motion: To table the reports from

- Amer Nasr (Immediate Past President) (Appendix B);
- Miriam Shendroff (Immediate Past Secretary) (Appendix C); and
- Donna Kwon (Immediate Past Treasurer) (Appendix D)

Moved: Wendy Hu

Seconded: Alison Chen

The motion was carried unanimously with zero abstentions.

Amer gave a brief overview of the successes and challenges faced by the 2020 SULS Executive, including a successful transition to online events and adapting in light of COVID-19 as well as some shortfalls in sponsorship, sports and the international committee. Amer congratulated the 2021 Executive for their efforts thus far in going above and beyond in maintaining engagement.

Motion: Motion to accept the reports of the past President, Secretary and Treasurer Moved: Wendy Hu Seconded: Alison Chen The motion was carried unanimously with zero abstentions.

Motion: To consider the current Treasurer's Report and 2021 operating budget (Appendix E) Moved: Wendy Hu Seconded: Amer Nasr

Tiana provided actual figures as at 21 March 2021 and a column for FY21 budget allocations. Tiana emphasised that the budget can and will change and explanations based on allocations have been provided in the column labelled 'Treasurer's note'. She noted that the average profit for the last three years has been \$31,600. In particular, she noted that planning for the financial sustainability of SULS is important for the Executive and also to ensure SULS continues to support the student experience. COVID-19 has also impacted on sponsorship revenue and the ability to hold in-person events, which has resulted in conservative budgets this year. The estimates provided were based on FY19 budgets as opposed to FY20 budgets given that we are able to hold some in-person events again.

Excluding the contestable amount (\$30,000), the current prediction is that SULS will have a profit of close to \$55,000 this year. Tiana explained that the contestable amount of \$30,000 to stay prepared for the unknowns of this year. Even though we can offer in-person events, international students are still stuck overseas and dealing with the consequences of the pandemic and flexibility in learning. Careful to ensure cancellation of events is dealt with, considering the impact of COVID, concerned unplanned expenditures may occur. Concerned with potentially losing sponsorship, even though the amount at the top is based on the amount we have been invoiced for. Once events are planned and regulations hopefully become more consistent, Tiana would like to distribute the contestable amount among the portfolios where possible to ensure we maintain the student experience.

Motion: to accept the operating budget for 2021 Mover: Wendy Hu Seconder: Alison Chen The motion was carried unanimously with zero abstentions.

7 General Business

No general business

Motion: to accept the amended SULS Constitution giving effect to the changes above. Mover: Wendy Hu Second: Amer Nasr The motion was carried unanimously with zero abstentions.

Meeting closed: 6:56pm

APPENDIX A - MOTIONS ON NOTICE

1. Notice of General Meetings and Amendments to the Constitution and Regulations

Background/Rationale

In the 2020 SULS AGM, the Society passed amendments to clause 5D(b) which allowed for a less restrictive approach for communications regarding changes to the Executive. This method of communicating important changes to the membership base extends to notices of General Meetings. To reflect current practice and the Society's goal of reducing paper in Society communications, other clauses mandating the posting of notices to the noticeboard should be amended. In line with the current communications strategy, mailouts (via an email to all society members) for important notices will remain mandated. Future Executive teams may still elect to use the notice boards if they so wish, however this proposed amendment would not mandate posting on such notice boards.

Proposed changes

- Amend clause 47(c)
- Replace 'subs 53(b)' in clause 71 with 'clause 70(b)' add 'via email' after 'mail-out' and strike '(a mail-out is understood to include communication by e-mail).'
- Replace 'A notice posted on the notice boards of the Society' in clause 73(c) with 'A mail-out via email to the Society's database'
- Replace 'A notice posted on the notice boards of the Society' in clause 77(c) with 'A mail-out via email to the Society's database'

Summary of the proposed changes

Old Clause	New Clause
Clause 47(c) A notice posted on the notice boards of the Society, and the inclusion of the particulars of the meeting in an emails to the Society's database, shall be deemed sufficient notice to all members of the Society. 2. Appointments of autonomous positions to the Society Executive

Background/Rationale

Clause 5D(d)

Clause 5D(d) currently refers to the autonomous positions as being the Queer Officer, Women's Officer and First Nations Officer. This clause was likely drafted prior to the introduction of the Ethnocultural Officer position. Due to the nature of the portfolio and the requirement in cl 5C(d) that the Ethnocultural Officer must identify as a person of colour, the Ethnocultural portfolio should be considered an autonomous portfolio and subject to the same selection process.

Proposed changes

• Add ', Ethnocultural Officer' after 'Women's Officer' in cl 5D(d).

Summary of the proposed change

Old Clause	New Clause

the Executive should consult with other identifying	not available, the Executive should consult with

3. The Functions and Powers of the Executive

Background/Rationale

Clause 6(c)(iv)

Currently, the Constitution requires that the Executive appoint the Photography Committee and the entire Competitions Committee, and implicitly gives the Executive greater discretion than in the case of other Committees. This is inconsistent with actual practice of the Executive, and introduces unnecessary confusion to the Constitution. The appointment of the Photography Committee and Competitions Committee would be more effectively covered by Clause 6(c)(v). Clause 6(c)(v) is incorrectly labelled, and should instead refer to 'clauses 26 and 26A'.

Proposed changes

- Strike clause 6(c)(iii) and 6(c)(iv)
- Amend clause 6(c)(v) replace 'Part 8' with 'Clauses 26 and 26A'.
- Update numbering of clause 6(c)

Summary of the proposed changes

Old Clause	New Clause
Clause 6(c) The Executive shall be responsible for the appointment of: i. the Electoral Officer; ii. the Legal Arbiter; iii. the Photographers; iv. the Convenors of the mooting, client interviewing, witness examination, negotiation and other academic competitions; v. the committees listed in Part 8, upon the recommendation of the appropriate member of the Executive; vi. student representatives to sit on Faculty of Law committees; vii. delegates to attend the annual ALSA Conference; viii. competitors to attend the annual ALSA Conference; and ix. members of the Society to other non-Executive positions as the Executive sees fit.	Clause 6(c) The Executive shall be responsible for the appointment of: i. the Electoral Officer; ii. the Legal Arbiter; iii. the committees listed in Clauses 26 and 26A , upon the recommendation of the appropriate member of the Executive; iv. student representatives to sit on Faculty of Law committees; v. delegates to attend the annual ALSA Conference; vi. competitors to attend the annual ALSA Conference; and vii. members of the Society to other non-Executive positions as the Executive sees fit.

4. Reference to Pro-Dean (Teaching)

Background/Rationale

Clause 9(f)

The Constitution currently makes reference to the 'Pro-Dean (Teaching)' which is no longer a position in the Law School.

Proposed changes

• Replace 'Pro-Dean (Teaching)' with 'relevant Sydney Law School staff member'

5. Duties of the Publications Director

Background/Rationale

Clause 19(a)

Clause 19(a) currently makes reference to the 'Orientation Week Handbook'. In line with the University's new nomenclature, this should be amended to 'Welcome Week Handbook'.

Proposed change

• Replace 'Orientation' with 'Welcome' in clause 19(a)

Summary of the proposed change

Old Clause	New Clause
Clause 19(a)	Clause 19(a)
'Producing the Orientation Week Handbook;'	'Producing the Welcome Week Handbook;'

6. Duties of the Competitions Directors

Background/Rationale

Clause 15

Clause 15 is currently written in the context of Clause 6(c)(iv) (the issues with which are discussed in section 3 of the proposed amendments), and incorrectly overemphasises the Executive's role in deciding the members of the Competitions portfolio. As mentioned above, this process is better governed by clauses 6(c)(v) (clause 6(c)(iv) under the proposed changes in section 3), 26, and 26A. Clause 15(a) should be updated with reference to intervarsity competitions, and other potential skills competitions, should future competitions directors choose to add them to the portfolio.

Proposed changes

- Strike clauses 15(b) and 15(c)
- Amend clause 15(a) add 'intervarsity competitions and other skill development competitions.'

Summary of the proposed change

Old Clause	New Clause
Clause 15 The duties of the Competitions Directors shall include: a) Overseeing the administration of the mooting, client interviewing, negotiations and witness examination competitions; b) Advising the Executive on the selection of convenors for the mooting, client interviewing, negotiations and witness examination competitions; and c) Advising the Executive on the appointment of co-coordinators for judging and, if required, selection and management of intervarsity competitions.	Clause 15 The duties of the Competitions Directors shall include: a) Overseeing the administration of the mooting, client interviewing, negotiations, witness examination competitions, intervarsity competitions and other skill development competitions.

7. Duties of the Sports Director

Background/Rationale

Clause 17(c)

The Constitution currently states that a duty of the Sports Director is to represent the interests of Law Students to 'Sydney University Sport'. This clause should be amended to the correct institution name, Sydney University Sport and Fitness (SUSF) and to better reflect the Sports Director's relationship with SUSF.

Proposed changes

• Replace cl 17(c) with the following: 'Liaising with Sydney University Sport and Fitness on matters that may be relevant to law students.'

Summary of the proposed change

Old Clause	New Clause
Clause 17(c) Representing the interests of Law students to Sydney University Sport.	Clause 17(c) Liaising with Sydney University Sport and Fitness on matters that may be relevant to law students.

8. Duties of the Campus Director

Background/Rationale

Clause 18

Currently clause 18(b) reads 'Conducting elections to select the members of the Campus Committee in such manner as they shall see fit, subject to approval of the general executive; and subject to any requirements in Appendix 4'. However, Appendix 4 has since been removed. The relevant information can be found in Part 4 of the Bylaws. The reference to the 'general executive' should also be replaced with 'Executive' to maintain consistency with the language used in the rest of the Constitution.

Proposed changes

- Replace 'general executive' with 'Executive'
- Amend Clause 18(b) replace 'Appendix 4' with phrase 'Part 4 of the Bylaws'.

Summary of the proposed changes

9. The Campus Committee

Background/Rationale

Clause 80

Currently clause 80 requires (n-1)/2 **women** in each year group for the Campus Committee. Therefore, in order to be consistent with language applied for the Women's Officer, in clause 5C (b) we propose to amend the clause to read **female-identifying.** Further, we propose to amend the clause to also include **non-cis male**, to encourage inclusivity and diversity in Campus Committee members.

Proposed changes

• Amend Clause 80 - replace word 'women' with phrase 'female identifying or non-cis male'.

Summary of the proposed change

Old Clause	New Clause
Clause 80 'The elected positions of the Campus Committee shall be comprised of at least (n-1)/2 women in each year group. 10. Reference to Associate Dean (International Students)

Background/Rationale

Clause 20(d)

The Constitution currently makes reference to the 'Associate Dean (International Students)' which is no longer a position in the Law School.

Proposed changes

APPENDIX B -IMMEDIATE PAST PRESIDENT'S REPORT - AMER NASR

I. INTRODUCTION

The year of 2020 has been challenging for many organisations including SULS. After the devastating bushfires at the start of the year, the horrific passing of one of our peers, George Lin, and the colossal makeover in our tertiary education posed by governmental regulation to avoid the spread of COVID-19, SULS still managed to thrive. As an organisation we started the year with three ambitious goals of 1) Increasing our membership engagement (cross-cohort, faculty, inter-faculty and inter-varsity). We celebrated diversity, starting from our Executive and aimed for better inclusivity of all Sydney Law students in all SULS programs. 2) Advocacy (in bullying and harassment, disability services, physical health and safety, mental health, etc.). We represented and advocated for our membership rights in multiple spaces, with faculty and other stakeholders, leading us to challenge the low boundaries SULS previously held in political advocacy. 3) Sustainability (environmental sustainability and organisational sustainability policies, organisational sustainability policies, advocacy policies and also privacy policies, among many other policies suited for a growing incorporated charitable organisation.

Looking back at the <u>policy blueprints for the POP! for SULS campaign</u> and later transformed to our 2020 <u>Welcome to SULS Handbook</u>, it has been encouraging to see not only the continuation and development of previous programs of SULS but considerable innovation in events, programs and networks to support and adapt to a new style of online learning and engagement with SULS. Once in-person coursework was cancelled in Semester one, only the second time since the Spanish influenza in 1919, the SULS Executive team quickly adapted to adopt three interim goals for the year. We did not shy away and led our membership through 1) More online wellbeing support programs, 2) Better online education and 3) Desirable financial hardship support efforts. I am confident we also thrived in achieving these goals through numerous new initiatives such as the SULS Wellbeing and Mutual Aid Group, the online Peer-to-Peer Study Groups, the online Student Staff Consultative Forum, which served to advocate for a breakdown of assessment marks and 90+ scholarships offered; and many more initiatives across all <u>SULS portfolios</u>.

Of course, this would have not been possible without the hard work of our passionate 22-member Executive team and 168 committee members, who I wholeheartedly thank for all their efforts in 2020. SULS to many can feel like an unpaid full time-job, but I am confident to say that it is the most rewarding experience to service our community with passion and goodwill. Our community has greatly benefited from all these efforts.

II. KEY ACHIEVEMENTS

There have been many key achievements across a variety of portfolios:

Administration

The administration of SULS in 2020 focused primarily on building a solid incorporation strategy, having been incorporated only in November 2019. The organisation spent many weeks developing and implementing new bylaws that looked at policies on administrative sustainability, advocacy, campus representatives' elections, environmental sustainability, events codes of conduct, financial grants, privacy, procedures relating to the disciplines of members, society's members code of conduct, textbook loans and treasury. Moreover, we worked to ensure better access to information and collaboration between committees by appointing liaison officers at the start of the year. Thank you, to Miriam Shendroff for her diligent work in ensuring a proper record of new membership registrations, a consistent posting of minutes and distribution of information through the SULS weekly.

Education

The education portfolio successfully advocated strongly and consistently for students. We launched the Student Staff Consultative Forum with faculty as a mechanism to allow other students apart from the Executive, to take part in advocacy discussions with senior faculty members. We successfully advocated for: more scholarships, removing the requirement for hard copy assignments, dropping attendance requirements, removing exorbitant weight on final examinations (and rather encouraged attendance by allowing for different assessments with divided weights across the semester) and many more weekly concerns. The education portfolio also introduced new and reinvigorated events such as the Obiter Series, the Soft Skills Workshops, a Town Hall and devised the 'Dear Faculty' in the Weekly to ensure the circle of communication was closed from faculty to students. Thank you to Natalie Leung and her team of new consultation officers, for their dedicated work to the education portfolio.

Social Justice

The social justice portfolio successfully helped lead the space in advocacy in 2020 at SULS. Apart from organising a successful policy pitch and a larger mentorship program, SULS finally launched the Community Legal Education Project (having been three years in the works as the 'Street Law Project') and revitalised the Juvenile Justice Mentoring Scheme. Thank you to Deaundre Espejo for his passion and efforts in the social justice portfolio to lead the space on the Black Lives Matter movement, the advocacy against fee hikes, and other important matters in 2020.

<u>Careers</u>

The careers portfolio also successfully expanded its portfolio to provide more information on alternative career pathways rather than only the usual corporate routes. Felicity Macourt and her incredible team organised the longest Careers Guide (that won the best careers guide award at ALSA!), organised valuable information sessions on tipstaff and associate jobs, family law, and an incredible online career mentoring program and an elaborate clerkship network evening to replace the cocktail evening. Thank you, Felicity for all your work.

Treasury

The treasury portfolio completed the incorporation process by starting the year issuing a new ABN for SULS. That required us to change all our financial paperwork. We are finally operating completely

cashless and expanded our merchandise store with the launch of a new online store, and the expansion of our sustainability line of merchandise. The increased efforts for which I thank Donna Kwon and her team for, ensured that we had a resourceful source of income during the pandemic; currently the SULS budget is AU\$316,540.55. Although we did not finalise the investment project, we further developed from a previous two-year track (as the Executive found that markets would be extra sensitive during the pandemic), we provided treasury full transparent reports for more transparency in our operations.

Competitions

The competitions portfolio dramatically changed in 2020 for the betterment of SULS. A lot of hard work and effort was placed in the introductory mooting program at the start of semester to encourage early accessibility to new mooters. There were also efforts made to train students in all other competitions in person and online. Among a few notable highlights: we introduced a senior and junior division for negotiations, new and necessary competition rules and the client and interviewing competition saw eighteen teams across Australia participate with SULS. Altogether we used the challenge of online competitions to our student benefit and ran fifteen new intervarsity competitions, representing an increase of 43% in new competitions. SULS had a 40%-win rate in 2020 in these competitions, which was an increase of 11.53% from last year. This can only be attributed to the efforts of Sarah Tang and Sarah Purvis and their respective committees and competition coaches. Thank you for all your incredible work in 2020.

Publications

Our publications portfolio saw a number of new and exciting initiatives in 2020. Apart from the 11 publications, many of which carried online panel launches with the opportunity for editors and authors to speak, we launched the Citations blog for students to submit opinion pieces. We received a record number of abstracts for Law in Society and Dissent and partnered with the NSW Bar Association to organise a Legal Tech writing competition. Thank you, Alison Chen for your ongoing efforts to better the publications portfolio.

<u>Equity</u>

The Equity portfolio also saw some great achievements in 2020 through the efforts to support students in need. At the start of the year, we launched the Student Support Handbook which was chosen by the University's Student Life team as a model student support handbook for different faculties to develop. We organised the COVID-19 Student Experiences Survey and used anonymous feedback to advocate for over 90 new scholarships which were made available by faculty, and better mental health and wellbeing programs. Furthermore, we also managed to secure \$20,000 from the Walter Reid memorial fund for the improvement of the Equity Textbook Loan Scheme and organised panels on disabilities in the law and bullying and harassment in the workplace. Thank you to Max Vishney and the Equity committee for their efforts to support students in need.

<u>Women's</u>

Through the development of the Women's Instagram channel and Facebook group, the 'Spill the Tea Sis' support network and Kingwood & Mallesons mentoring program, the Women portfolio achieved and exceeded the goal of what Sinem Kirk, our Women's Officer likes to call, 'creating a sisterhood on

campus'. SULS also hosted the large Clifford Chance Women in Law conference with UTS and UNSW. SULS also partnered with the Diverse Women in Law team multiple times in 2020 to collaborate and share many of the amazing work this organisation is doing for women in the legal sphere. Thank you Sinem and the women's committee for all your efforts to support young women in and outside the legal profession.

<u>Queer</u>

The queer portfolio partnered with the women's portfolio to launch Yemaya's publication in 2020! The queer portfolio also organised multiple coffee catch-ups, an extraordinary rainbow moot and a phenomenal panel discussion on queer rights in the legal profession. Thank you, Eden for your excellent work in representing the LGBTQIA+ community on campus.

<u>Ethnocultural</u>

The ethnocultural portfolio focused in 2020 on empowering the diverse ethnocultural community at Sydney Law School. Through the Allen's Leadership panel, the Mosaic publication launch, the 'Ask Me Anything' Social media initiative and the Law in Foreign land series, Ibrahim Taha and his team fostered an open culture of celebrating diversity and inclusivity. Thank you very much, Ibrahim.

First Nations

The First Nations portfolio focused on advocated for better first nations rights by working closely with the Law School's Indigenous Services & Strategy Committee. A big thank you to Patrick Lucarnus and his team for organising the indigenous perspectives in the law panel, delivering information on reconciliation week, supporting the Wingara Mura Bunga Barrabugu Summer and Winter Programs, drafting the Black Lives Matter statement and collaborating with faculty in marketing the Redfern Then and Now Tour.

<u>Marketing</u>

The marketing portfolio did some incredible work in 2020 refurbishing the public facing image of SULS. Barry Wang, Marketing Director developed our internal operations, which helped smoothen the marketing process internally and also externally by revamping our website, using new interactive technologies to market our membership sign-ups and he became a wizard at Zoom technologies throughout this pandemic. Thank you, Barry, for all your support and hard work.

<u>Design</u>

The design portfolio also did a spectacular job with the public image of SULS. Our Design Director, Daniel Lee Aniceto developed a newly designed brand guideline to elevate SULS's visual language creating greater consistency and professionalism all while remaining light and fun across portfolios. Him and his committee also supported the full team with on-call design requests. Thank you, Daniel, for the numerous hours spent in designing all out digital content.

III. KEY CHALLENGES

Our biggest challenges in 2020 were circumstances mainly due to exceptional circumstances, COVID-19 related.

Sponsorship

With increased competition from other law student societies and other organisations targeting law students, SULS has seen a slight dip in sponsorship income in 2020. This was compounded by the Covid-19 pandemic which saw some events being cancelled, as well as some refunds as a result of law firms withdrawing from sponsorship of certain events. Nonetheless, sponsorship income has remained consistent with previous years, not deviating from the AU\$140,000-\$160,000 range. SULS gathered AU\$144.2 thousand dollars in sponsorship income in 2020, compared to a record of AU\$152.8 thousand dollars in 2019. A big thank you to Mark Teh for his efforts maintaining relationships and for attracting the income that SULS relies on to run hundreds of programs.

<u>Socials</u>

Socials was one of the portfolios that faced the greatest challenge in holding in-person events due to COVID-19 in 2020. It started the year with the exciting engagement brought by Welcome Drinks for the first time in partnership with the Chinese Law Student Society (CLSS), the Korean Law Students at the University of Sydney (KLUS) and JD 1 drinks. Socials had organised many events like Law Camp, Law Cruise in conjunction with UNSW Law Society, and a bigger and thematic Law Ball. Although these had to be cancelled due to social distancing restrictions at the time they were to be held, the socials portfolio led by Alex de Araujo and Rosette Sok managed to organise a fun online Socials Zoom Week in Semester 1, and have organised the competitions dinner for tonight and the final year dinner for graduating students. Thank you, Alex and Rosie for finding other ways to work around challenges and supporting the executive in multiple other ways, nevertheless.

<u>Campus</u>

As the law school campus in Camperdown was closed most of Semester 1, and in-person events were not allowed by faculty during semester 2, SULS's campus portfolio also suffered from the challenges posed by COVID-19. Nevertheless, our campus representatives, including for the first time, a part-time JD representative and a Master of Law (LLM) representative, and led by Danielle Stephenson, organised a virtual campus with cohort catch-ups and trivia events. Thank you too, for leading the space with Sports on wellbeing through our new Wellbeing and Mutual Aid Group and Wellbeing Week.

<u>Sports</u>

Equally sports suffered in not being able to meet for intervarsity sports events. Nevertheless, the sports portfolio met weekly over zoom for interfaculty workouts, and our hard-working Sports Officer Oscar Alcock and Sports committee, organised multiple coastal walks, and created wellbeing communities through a running tracking application and through the regular updates in the Wellbeing and Mutual Aid Group. Big thank you to Oscar and his team!

International

Finally, the international student portfolio was challenged by the efforts to support international students stuck mainly in overseas locations, which became a priority especially during Semester 2 since borders had not reopened to Australia. Without a doubt, SULS continuously advocated and often, behind the scenes for international student support to faculty, in ensuring access to CAPS/similar programs overseas, in advocating against mandatory attendance requirements, in making sure lectures and tutorials were recorded where possible, in creating supportive online educational groups such as the peer-to-peer study groups and the international student program early in Semester 1. SULS created the international student guide and partnered with SEALS to also offer information on employment opportunities in Australia and abroad. Finally, we supported international students over the holidays with the Summer Student Support Program and the FAQ sheet being organised in response to the survey distributed by SULS to international students. We hope our international student community in overseas locations can join us on campus soon.

IV. Conclusion

I also want to take the opportunity to sincerely thank a few people with whom our successes in 2020 would not have been possible and issue some final remarks.

First, a heartfelt thank you to all SULS members for making it through 2020 with spectacular efforts.

Second, a genuine thank you to our 168 committee members who were the strongest pillars of SULS in a time of need and online engagement.

Third, a grateful thank you to all staff and faculty members who have supported students through the transition to online learning. A special thank you to our SULS Patron and Dean of Sydney Law School – Simon Bronitt, and his Associate Dean of Education - Rita Shackel, for their humbleness and desire to collaborate with students, for being the first and strongest point of contact SULS has had with faculty and for their exemplar daily efforts to support SULS through their leadership.

Fourth, an enormous thank you goes to the Electoral Review Committee, who undertook the challenge of reviewing SULS Electoral Regulations with me. Thank you, Ruby Adler, Ashna Govil and Grace Hu; and without a doubt, a very special thank you to our SULS Electoral Officer, Calida Tang and Electoral Arbiter, Dr Fady Aoun, both whom for the first time ever, successfully managed a three-ticket online election for SULS.

Fifth, a huge congratulations to Wendy Hu and the 2021 Executive! Best of luck furthering the transition to online/in-person events. I am confident the 2021 Executive will continue to do a fantastic job in 2020

Finally, a thank you and warm congratulations to the SULS 2020 Executive. Thinking back to the time we first met collectively in October 2019, I could not have fathomed becoming this close to you today. We went through ups and downs together and each and every one of you have exceeded expectations, with the incredible work you have put forward through mutual respect, passion and resilience. You have proven that with the right attitude and with your heart in the right place, anyone can thrive at SULS.

SULS has been the busiest part of my life in 2020. I have placed my heart and soul to the improvement of student welfare during a global pandemic and I can easily say that it has been nothing short of rewarding. I have made some significant personal sacrifices and worked tirelessly, as I know many of our Executive

members did too, in the best interest of the student body. I am overjoyed that the law school has been positively impacted by our creativity and leadership in such unprecedented circumstances and I cannot wait to continue to observe the ongoing development of SULS under Wendy's leadership, and in years to come. I sincerely thank you for the opportunity to lead this organisation in the year 2020.

APPENDIX C -IMMEDIATE PAST SECRETARY'S REPORT - MIRIAM SHENDROFF

Hi everyone, firstly I would like to apologise for not being able to make it to this meeting in person. Due to the border shut down, I have been in Canada for most of the past year... and having attended both the 2020 AGM and SGM at 4:00 am and 12:00 am respectively, I've decided that it would be okay to sleep through this one.

I will now briefly run through some of the highlights of the Secretary portfolio in 2020. This past year was the second year that SULS was required to submit an annual report to the Australian Charities and Not For Profits Commission (ACNC). This was successfully submitted.

For the past two years SULS has been chosen by the Australian Bureau of Statistics to submit four quarterly business indicators. I would like to thank Donna, our 2020 treasurer for both providing me with the quarterly financial statements whenever I asked, and for helping me lower my long distance phone bill by speaking directly with ABS when I missed their incoming call.

2020 was the first year SULS operated as an incorporated entity. One of the big changes from this is that students commencing their law degree after we incorporated lose the right to automatic membership. We created a sign-up sheet for new members which had been filled out 740 times by the end of my tenure.

In early September 2020 SULS hosted its Annual General meeting. This date was pushed back from March per the USU's request to hold off on online AGM's. During our AGM we made a number of changes to our Constitution. Following the meeting we successfully submitted all the necessary documents to the Clubs and Societies office which has allowed us to remain a registered club.

In November SULS hosted its Special General meeting. The biggest takeaway from that meeting is that the SULS Constitution is entirely too complex. I am pleased to see the proposed constitutional amendments for this meeting. There is a lot of clean up that needs to be done and it looks like the 2021 executive is well on its way to fixing the multitude of minor errors that fill the constitution.

I would like to thank the 2020 Executive for their submissions to the weekly newsletter each week. As of December 2020 we sat at just under 4000 subscribers. With so much happening in SULS, the weekly provides students with a succinct email detailing all of the events and opportunities we offer. I would like to congratulate Alison, and whoever else on the 2021 executive was responsible for the much needed update to the weekly! The new format looks fantastic and your ability to maneuver around Mailchimp far surpasses mine!

I'd now like to speak more generally on this past year as it was certainly not the year any of us had planned. I have been out of the country for the past 11 months and had to navigate such challenges as compiling the weekly at 2 am and sorting out our 2020 trophy engravings from thousands of kilometers away.

I distinctly remember the pit I had in my stomach back in semester 1 when we were told classes were moving online. For a brief moment none of us knew how SULS would push forward in the face of such adversity. I can now say with great confidence that the 2020 SULS executive banded together and did not let a global pandemic slow us down. I can already see that the 2021 executive is doing a great job of planning events while taking account of ever changing Covid-19 restrictions, and making sure that all of us offshore students feel welcome and a part of SULS.

To the 2021 executive, you guys have large shoes to fill but I'm so excited to see everything that you'll accomplish. If I can leave you with any advice it would be to A) submit your weekly newsletter submissions in on time, and B) to always lean on your other executives, and committee members for support. Not to sound too cheesy, but SULS works best when everyone is working together! Good luck to the 2021 exec and I wish you all the very best for the year ahead of you!

APPENDIX D -

IMMEDIATE TREASURER'S REPORT - DONNA KWON

Check out the 2020 audited (look Dane your wish is my command) financials below.

Few things to note:

- Last year we stopped trading as Sydney University Law Society (SULS) and started trading as Sydney University Law Society Incorporated (SULS Inc). It's just what has to happen when you get incorporated (pity they don't teach you that in corps law). That's why there's 2 financials attached below. The first is for SULS for first half of the year, the second is for SULS Inc for the second half of the year. If you want the complete picture of the 2020 financials, gotta look at both.
- 2. Total profit for the year = \$68,290.37. I trust this years' exec will spend that wisely.
- 3. Equity textbook loan scheme moved online. Deposits are dealt with via transfers, records of deposits are kept separately and if any become forfeited it becomes income.
- 4. Even with covid Mark managed to hit over \$120k in sponsorship funds woo!
- 5. Final year dinner ended up costing us a fair bit more than we would've liked but socials made up for it by organising an unforgettable night (and selling out tickets faster than SASS ever could).
- 6. The deposit for our cruise rolled over to this year so hopefully that means law cruise 2021?
- 7. SULS is finally cashless. So if you rock up to the SULS office to buy a t-shirt with a \$20 note, your SULS membership will be revoked.

Sending virtual hugs to the 2020 exec team. Donna x

SYDNEY UNIVERSITY LAW SOCIETY ABN 69 521 923 084 NOTES TO THE FINANCIAL STATEMENTS For the period ended 30 June 2020

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

a. The Committee have prepared the financial statements on the basis that Sydney University Law Society (the Association) is a non-reporting entity because there are no users dependent on general purpose financial statements. These statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Australian Charities and Not-for profits Commission Act 2012. The Association is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

The financial statements have been prepared in accordance with the mandatory Australian Accounting Standards applicable to medium registered entities reporting under the Australian Charities and Not-for-profits Commission Act 2012 and the significant policies disclosed below, which the Committee have determined are appropriate to meet the needs of members. Such accounting policies are consistent with those of previous periods unless stated otherwise.

b. Basis of preparation

The financial statements have been prepared on accrual basis and are based on historical costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

c. Accounting Policies

The following is a summary of the significant accounting policies adopted by the Association in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

1. Revenue Recognition

The financial statements have been prepared under the accrual basis of accounting whereby all revenues and income from sponsorships and fundraising activities are recognised as income when they are invcoiced and expenses are recorded when they are paid.

2. Income Tax

The Association is exempt from income tax in terms of Section 50-10 (Community Service) of the Income Tax Assessment Act, 1997, as amended. Accordingly, no provision for income tax is required to be made.

3. Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense. Receivables and payables in the Balance Sheet are shown inclusive of GST.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SYDNEY UNIVERSITY LAW SOCIETY

Report on the Audit of the Financial Report

Opinion

I have audited the accompanying special purpose financial report of Sydney University Law Society (the Association), which comprises the Balance Sheet as at 30 June 2020, the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the six months then ended and Notes to the Financial Statements and the Committee's Declaration.

In my opinion, the accompanying financial report of Sydney University Law Society has been prepared in accordance with Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012*, including:

- a. giving a true and fair view of the Association's financial position as at 30 June 2020 and of its financial performance for the period then ended; and
- b. complying with Australian Accounting Standards to the extent described in Note 1, and Division 60 of the Australian Charities and Not-for profits Commission Regulation 2013

Basis of Opinion

My audit has been conducted in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of this report. I am independent of the Association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants* (the Code) that are relevant to my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Emphasis of Matter - Basis of Accounting

I draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Association's financial reporting responsibilities under the *Australian Charities and Not-for-profits Commission Act 2012*. As a result, the financial report may not be suitable for another purpose. My opinion is not modified in respect of this matter.

Responsibilities of the Committee for the Financial Report

The Committee of the Association are responsible for the preparation of the financial report that gives a true and fair view and has determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the *Australian Charities and Not-for-profits Commission Act 2012* and is appropriate to meet the needs of the members. The Committee's responsibility also includes such internal control as they determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Committee either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or errors, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain
 audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk
 of not detecting a material misstatement resulting from fraud is higher than for one
 resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.
- Conclude on the appropriateness of Committee's use of the going concern basis of
 accounting and, based on the audit evidence obtained, whether a material uncertainty
 exists related to events or conditions that may cast significant doubt on the Association's
 ability to continue as a going concern. If I conclude that a material uncertainty exists, I am
 required to draw attention in my auditor's report to the related disclosures in the financial
 report or, if such disclosures are inadequate, to modify my opinion. My conclusions are
 based on the audit evidence obtained up to the date of my auditor's report. However,
 future events or conditions may cause the Association to cease to continue as a going
 concern.

• Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

As a result, the financial report may not be suitable for another purpose. My opinion is not modified in respect of this matter.

Responsibilities of the Committee for the Financial Report

The Committee of the Association are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the ACNC Act and for such internal control as the Committee determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Committee either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or errors, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain
 audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk
 of not detecting a material misstatement resulting from fraud is higher than for one
 resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.
- Conclude on the appropriateness of Committee' use of the going concern basis of
 accounting and, based on the audit evidence obtained, whether a material uncertainty
 exists related to events or conditions that may cast significant doubt on the Association's
 ability to continue as a going concern. If I conclude that a material uncertainty exists, I am
 required to draw attention in my auditor's report to the related disclosures in the financial
 report or, if such disclosures are inadequate, to modify my opinion. My conclusions are
 based on the audit evidence obtained up to the date of my auditor's report. However,
 future events or conditions may cause the Association to cease to continue as a going
 concern.

• Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
