Gretel asked if there is much discussion amongst international students about the skills workshops e.g. networking and interviewing skills workshops, CV workshops, or if those areas have already been covered. Sissi noted that firms tend to prioritise local students and permanent residents, and some students are actually qualified in another jurisdiction but find it difficult to secure work here due to the preference for local students and permanent residents. Georgia asked if we could collaborate with other law societies at USyd to share experiences, and Sissi noted she has been in conversation with CSLSS who have been promoting vacation programs in other countries. Wendy raised the HSF International Student evening in Week 5.

5 Anonymous Google Form for cohort concerns

Sofia proposed an anonymous Google Form and received feedback Sofia noted there is a bit of overlap between the Equity Box and suggestion form, and noted the campus representatives have been very adamant on having their own forms despite the existing mechanisms. She suggested rebranding the suggestions box and marketing it more. She mentioned that the Equity Box should stay distinct as there may be sensitive concerns raised there that should stay confidential.

6 Committees

Wendy asked if anyone still has open committee positions. She suggested it might be worth doing a post for the Photography and Design committees.

Wendy also asked people to upload the committee profiles to Google Drive. She also suggested that Executive members read their committee members' responses on what are three things you want SULS to achieve by the end of 2021.

She also outlined that the committee page can be used by Executive members to promote programs that need higher participation or would benefit from greater promotion.

7 SRC Survey for 12 week semesters

Swapnik (SRC President) messaged Wendy asking for SULS' help in disseminating an SRC Survey for 12 week semesters and would like the Executive's discussion and approval. Felix stated his support for the survey as students would benefit from, SULS has made a statement to Faculty about this issue before, and would provide us with more opportunities to understand student concerns. Wendy also noted the draft advertising guidelines circulated around with the Executive last week. The Executive resolved to publicise the survey.
